

HASK

PRODUCT CATALOG

HASK is a company of an international character of business, with experience in the dairy, frozen vegetable & fruits and fish categories. We create tailor-made products, for the most demanding customers. We work with the best processing plants in Europe, selecting the right manufacturer for each type of product. We create private labels at the request of customers from any part of the world and products dedicated to the Food Service and B2B sectors.

DAIRY

We can offer a wide range of dairy products such as milk powders, cheese, butter, cream and milk with vegetable fat. Halal and Kosher certificates give us the ability to access any part of the world.
