

FROZEN SALMON

Salmon is one of the most popular fish in the world. Its unique taste combined with its health benefits is a guarantee of the success of salmon products.

Salmon is mainly available fresh, frozen, or smoked. We offer products tailored to customer requirements in terms of weight, packaging or storage method – depending on the place of delivery, these can be chilled or frozen products.

CANNED SALMON

Canned salmon is gaining in popularity, and we would like to introduce you to its wide range. Its advantages include no requirement to store it in refrigeration conditions and a long product shelf life while maintaining its taste. Canned salmon is a solution for a quick healthy meal or an idea for a base ingredient of a salad, appetizer or pasta.
